

## Project Overview

As of April 24, 2013

## Northwest Boulevard & West 5<sup>th</sup> Avenue, and Northwest Boulevard & King Avenue

FRA – Northwest Boulevard, PID 93027

### Description and Benefits:

The city of Columbus and the Ohio Department of Transportation are partnering to improve the intersections of Northwest Boulevard & West 5<sup>th</sup> Avenue and Northwest Boulevard & King Avenue. Changes to northbound and southbound Northwest Boulevard left-turn lanes will improve safety for motorists, pedestrians and bicyclists by alleviating sight distance problems. No changes will be made on West 5<sup>th</sup> and King avenues.

### The finished project will:

- Narrow existing medians
- Shift and align left-turn lanes in both directions on Northwest Blvd.
- Create safer turning conditions
- Facilitate safer traffic flow

### Construction Schedule:

Construction will be managed by the City and is scheduled to begin in June 2013 and finish by August 2013, weather permitting. Access to all properties will be maintained during the work.

### Cost:

Estimated \$366,6132, shared by the Ohio Department of Transportation (90%) and the city of Columbus (10%).

### Contact Information:

City of Columbus Project Manager: Moe Tahari, P.E., tel. (614) 645-1650.
